Gary-

Gary-

Citation items 1-9 were deleted because you were not a PSM facility. All others (1-10 thru 1-15, and 2-1) were abated. Our notes say that Items 1-10, 1-15, and 2-1 were abated. However, there is nothing in the documentation submitted by you that affirms this. Since we have accepted it, these are considered abated. These items are:

- 1) Annual Hazwoper refresher training for emergency response personnel
- 2) Eyewash in maintenance room
- 3) Training documentation for forklift drivers

Let me know if you have questions.

are fine.

Hi Amy,

Please send the summary sheet.

Thank you and regards

Gary-

I looked in the previous case, and you provided written programs for the abatements. These are voluminous..You also provided a summary sheet outlining when and what you did to correct the violations, such as when you wrote these programs. Do you want the summary sheet or all the programs?

I do need to make sure that you are giving your employees medical evaluations for respirators, as well as fit tests..Are these still being done? The medical evaluation only has to be done initially, but the fit tests have to be done annually.
